HIMANSHU RAWAT

9990446100 | himanshurwt003@gmail.com | ⚱ October 4th, 2003 | linkedin.com/in/thehimanshurwt/

Result-oriented Undergraduate skilled in AI, Ml, and development, focused on impactful solutions.

EDUCATION

Aravali College of Engineering & Management, *B.Tech in CSE* | Faridabad, Haryana   GPA: 7.5 / 10   June 2025
St. Joseph's Convent School, *Sr. Secondary School, CBSE Board* | Nainital, UK   Percentage: 72%   March 2021
Stanford Convent School, *High School, CBSE Board* | Badarpur, Delhi   Percentage: 74.8%   March 2019

Courses: Java Script (IBM Certified) | Machine Learning | Azure AI (Infosys Certified) | AWS Cloud | MongoDB
Extracurricular Activities: Poetry | Open Mic | Anchoring | Hosting | Mathematics Olympiad

EXPERIENCE

Skillbee, *Operation Intern (Recruitment & Sourcing)* | Remote (Dubai, UAE)   Sep 2021 - Nov 2021
- Developed a strategic communication approach, targeting HR and talent acquisition teams to effectively identify and address hiring requirements.
- Accelerated development by 40%, delivered a fully functional AI-controlled robot from scratch.
- Achieved a 30% increase in lead generation by optimizing engagement with companies through personalized messaging and follow-ups.

Skillbee, *Operation Intern Lead (Recruitment & Sourcing)* | Remote (Dubai, UAE)   Nov 2021 - Jan 2022
- Directed daily operations and performance tracking, driving a 15% increase in team-wide sales through targeted mentoring and motivation.
- Optimized task allocation and goal-setting, fostering a results-oriented culture that enhanced productivity and collaboration.
- Delivered consistent outcomes by aligning team efforts with organizational sales strategies, ensuring targets were met on schedule.

Coding Nexus, *Product Engineer & Mentor (Ed-Tech)* | Remote (Delhi, India)   Sep 2023 - May 2024
- Engineered a dynamic learning experience, resulting in a 40% improvement in student engagement and career placement within top tech firms.
- Leveraged advanced sales techniques and data-driven insights to accelerate revenue growth and exceed quarterly targets consistently.
- Utilized cutting-edge content strategies to reach broader audiences, significantly boosting conversion rates and fostering brand loyalty.
- Ensured consistent delivery of high-quality instruction, preparing students for successful careers in tech industries.
- Streamlined recruitment processes, contributing to rapid organizational growth and strengthening overall team performance.

SKILLS

Front-End Technologies	HTML, CSS, JavaScript, React, API Hitting, Tailwind
ML & AI	Regression, KNN, Naive Bayes, K-Means, Random Forest, Decision Tree, Python, Speech Recognition, Prompt Engineering
Software & IDE	Git & GitHub, VSCode, Pycharm, Jupiter, Sublime Text
Other Technologies	MySQL (Database), Data Structures, Web Hosting, MongoDB(Backend)

PROJECTS

VoxAssist(Virtual Assistant) | Engineered and launched 'VoxAssist', a Python-based personal voice assistant, transforming user interaction with advanced voice command capabilities   July 2024 - Sep 2024
- Developed a sophisticated voice-activated assistant utilizing speech recognition, NLP with OpenAI's GPT-3, and text-to-speech technologies for dynamic task execution.
- Integrated OpenAI's GPT-3 to deliver intelligent, context-aware responses, enhancing user engagement and satisfaction.
- Automated system-level commands and online queries, including playing music, telling time, and opening applications, streamlining everyday tasks.
- Incorporated real-time text-to-speech feedback for a seamless and interactive user experience.

Placement Website For College | Engineered and launched 'Placement Website' for Aravali College of Engineering and Management, streamlining the student placement process   Feb 2024 - Apr 2024
- Developed an interactive web application utilizing HTML, CSS, JavaScript, and React to assist students in navigating the placement process with ease.
- Integrated getform API for seamless data submission, enhancing user interaction and simplifying communication between students and the placement cell.
- Leveraged Tailwind CSS to deliver a responsive, modern interface, ensuring a user-friendly experience across devices.
